Hancock Forest Management
Southern Oregon Region

Position: Silviculture Forester-1703352

Location: Medford, OR

General Directive: This position will have primary responsibilities for logging supervision related activities which are not limited to but may include harvest planning, layout, budgeting, permitting, and contract supervision. Other duties as assigned may include assisting with oversight and development of road building, as well as silvicultural activities like planting and spraying as needed. Interaction with BLM/US Forest Service and other cooperators around road use and license development related to log hauling may be required on occasion.

Scope:
- The southern Oregon region encompasses approximately 130,000 acres.
- Develop and maintain relationships with regulatory agencies, concerned stakeholders, HFM staff, and HTRG staff
- Harvest operations, transportation systems, and land management with primary focus in logging supervision
- Assist with silviculture and support all facets of various programs as needed
- Assist with road construction and road maintenance as needed
- Become familiar with timberland accounting, inventory/GIS, silvicultural operations permitting, and general forestry operations.
- Position reports to Southern Oregon harvesting manager.

Duties
- Assist in harvest planning, unit layout, contracting, and administration.
- Implement and adhere to risk management and safe work procedures.
- Assist with the development of budgets and forecasts.
- Sustainable Forestry Initiative (SFI) compliance
- Risk Management
- Basic mapping tasks with ArcMap
- Support HNRG groups such as Acquisitions, Client Account Group, etc. as needed.
- Special projects as requested or needed.

Requirements:
- A bachelor’s degree in Forest Management, Forest Engineering or related field
- Five years of experience in applicable forestry experience
- Strong organizational skills
- Demonstrated skills in all Microsoft Office products (Word, Excel, Access, Outlook) highly desirable
- Reasonable user skills in GIS, ArcMap
- Team player with ability to work with others’ needs and with different personalities
- Highly motivated and entrepreneurial
- Strong oral and written communication skills
- Working knowledge of Oregon Forest Practices rules and regulations
